1. I really became more expert on my smartboard Thu, Aug 19, 2010 9:22 PM [Find...](#)

Got ideas and help from others in the class

2. I have several ideas for wikis and Google docs and have resources for implementing them. Thu, Aug 19, 2010 9:28 AM [Find...](#)

3. It would be useful to know other school-specific options on training day. Will School Center still be around? What can Genesis do that has a similar function? Mon, Aug 16, 2010 7:31 AM [Find...](#)

4. Not only did I learn about each of these, but had the time and support to immediately begin developing uses in each area. Fri, Aug 13, 2010 3:58 PM [Find...](#)

5. I learned about some engaging programs and cameras. Thu, Aug 12, 2010 5:38 AM [Find...](#)

6. The wiki and google docs info would certainly have been a help to reduce the number of files I've already created! Wed, Aug 11, 2010 9:02 PM [Find...](#)

7. I know a lot about Smart board but wanted some advice on the best uses for the features that would better engage students and I did get some great ideas. nt to transition from Schoolcenter web page to a Wiki space but didn't know how to work the features and how to set it up. This is now done and I can add to it confidently. I know how to make a Google Doc and can do so but still need to work on how to integrate all of these great technologies! Wed, Aug 11, 2010 7:05 PM [Find...](#)

8. I was introduced to some new equipment that will be very beneficial in my classroom. I had the chance to get some ideas from colleagues during our meetings that will also help me to get started this school year. Wed, Aug 11, 2010 4:22 PM [Find...](#)

9. I learned about podcast, imovie, viewpoint, school center, and different cameras...and hopefully will use them more this year in my teaching. Wed, Aug 11, 2010 3:46 PM [Find...](#)

10. Just need more time to work on it... Wed, Aug 11, 2010 12:31 PM [Find...](#)

19.	I have more options to reach more students	Wed, Aug 11, 2010 9:47 AM	Find...
20.	I think it will take me some more think time to on how to use the technologies in the best ways for student learning. Without this tech camp, I wouldn't have a clue as to what they were all about. The timing is good because I have some think time between now & end of August!	Wed, Aug 11, 2010 9:43 AM	Find...
21.	I liked having my team here to work together and get things updated!	Wed, Aug 11, 2010 9:42 AM	Find...
22.	I was able to work in a variety of technology areas such as the smartboard, windows, email, ppt., etc. and more importantly - go right to the specific parts I am struggling with, and have some one there to help me. Often at building or grade level technology staff trainings, some of us who are weaker in that area, need a lot more time to to learn than than others. Extra time is not available, so when we try to do it on our own time, we do not have tech support available. This is very frusrtating. However, at tech camp, the atmosphere is most helpful. It lacks those time constraints and most importantly, it lacks the "We must keep moving on" style of teaching that leaves some learners behind.	Wed, Aug 11, 2010 7:25 AM	Find...
23.	Would have liked the lesson to be with all of us on computers, trying what she was showing	Wed, Aug 11, 2010 7:13 AM	Find...
